SONOMA VALLEY WOMANS CLUB IS 20 YEARS OLD

Celebrated Anniversary of Its Founding Yesterday at Club House.

The Sonoma Valley Woman's Club celebrated its twentieth anniversary yesterday at the spacious and artistic clubhouse which is one of its fine achievements during its long and useful life in the community.

The auditorium and parlor were festive with decorations and a splendid program was provided by Mrs. H. J. Wicker. The hostess of the afternoon was Mrs. E. Burnester of El Verano. Among the program numbers were vocal and instrumental solos, Miss Langhorne of Alameda singing some beautiful selections, Miss Nevada Schell in recitation, Miss Ralph Hotz reading, and Miss Dresel music. A unique silhouette contest in which Mrs. Wicker drew pictures in black and white of well-known club members whose identity the company present guessed proved interesting. Miss Zolita Bates gave vocal and recitative numbers.

A birthday cake and dainty refreshments completed the happy occasion.

It was in September 1901 that prominent women of the Sonoma Valley met together at the Cleve home and decided to organize a woman's club. Those at the meeting were Mrs. F. Cleve, Mrs. Lulu Emparan, Mrs. Kate Granice, Mrs. C. Walliser, Mrs. H. Appleton, Mrs. Martha Stearns, Miss A. Riensch, Mrs. J. P. Weems, Mrs. Susie Enos and Mrs. A. McHarvey. In Union Hall on the fifth day of October formal organization was perfected and 40 members signed the roll. Mrs. Martha Stearns was elected president by acclamation. Other officers were as follows, Mrs. Kate Hill first vice-president, Mrs. A. McHarvey second vice-president, Miss Alice Humphreys recording secretary, Miss Mattie Goodman, corresponding secretary, Mrs. M. Cleve treasurer, Mrs. Weems, Granice and Enos, directors. The first regular meeting place was in the L. O. O. F. Hall.

START THE SCHELLVILLE SANTA ROSA ROAD HERE

Sonoma has no desire to confuse the issue in the matter of getting the state highway connection to Santa Rosa started from Schellville up instead of from Santa Rosa down, but in view of the recent statement made by one of the Highway Commissioners that there would probably be insufficient funds to build the entire stretch of road, Sonoma Valley feels it should have the first call on money spent and the highway work started at Schellville. Sonoma Valley with its historic environs and wonderful mineral springs has no paved road, whatever other than what the city of Sonoma is now putting in and the mile stretch built by Sonoma county between Vineburg and Broadway. Sonoma Valley is isolated, and motorists practically barred out from San Francisco and the Sacramento valley through the impassable condition of the road which the people at an election over two years ago designated as state highway and for construction of which they appropriated \$440,000. Sonoma Valley must be put on the map by the building of the road from Schellville. It is entitled to it. Santa Rosa has its highway and has already been so well taken care of that it can afford to get behind Sonoma now in its effort to be assured paved road while there is money available. The commendable and progressive work being done by the city of Sonoma which is expending \$53,000 to pave its streets entitles us to consideration. While we like to neighbor with Santa Rosa and would be glad of the entire highway connection, Sonoma Valley feels that communication with the big centers of population like Oakland, San Francisco and Sacramento can best be established by the construction of the state highway from the Black Point cut off at Schellville. As right-of-way forms are now available and the securing of rights of way in order it is up to the people of this end of the valley to get busy. The present plan is to build the first mile of the Schellville Santa Rosa road out of Santa Rosa and from there to Kenwood. If it is like most of the State highway building, this is about all that will be completed for some years to come. It therefore behooves Sonoma Valley to get the connection with the Black Point cut off now and to bring every influence to bear and lend every assistance possible to the securing of necessary rights of way in the vicinity of Schellville.

The Santa Rosa paper had the following news of the road matter this week:

"Acting Division Engineer John H. Skaggs of the state highway commission was in town Monday and brought with him the forms of deeds of right-of-way for the first mile east out of Santa Rosa on the Santa Rosa Schellville highway. When these rights-of-way have been secured, another batch of forms will be ready for the continuation of the road as far south as Kenwood. Skeggs called upon Chairman Frank McNamara of the highway committee of the Santa Rosa chamber of commerce, and also had copies of the deeds for Supervisor W. L. Cunningham in whose district as far as Kenwood the new highway will be built.

In talking with McNamara, Engineer Skeggs said the commission is doing everything possible to bring about the early construction of the Santa Rosa-Schellville lateral, and the sooner the necessary rights-of-way are secured, the sooner can bids be asked for the construction of a section, at least, of the proposed roads, so that work can be actually commenced.

ROUTE DECISION SOON

Skaggs also told McNamara that the report upon the two routes surveyed south from Kenwood is in the hands of the commission, and while he could not state officially, he ventured an opinion that a decision as to the selection of a route can be expected in the very near future."

RESORT FOLKS MAKE MERRY AT BANQUET

End of 1921 Summer Season Celebrated by Boyes Springs Boosters and Friends Wednesday Night.

The close of the 1921 summer season of Boyes Springs was celebrated by attaches of the springs, the management and friends with a dinner party de luxe at de Martini's Lawrence Villa Wednesday evening.

Covers were laid for forty and it was a congenial and jolly crowd that gathered around the banquet board. A splendid Italian dinner was enjoyed by all present and George Cause proved a fine toastmaster. H. Chambers was master of ceremonies and did himself proud with his flow of natural oratory, wit and repartee. All the leading lights and heavy weights too were called upon for speeches and some of the fair ladies also proved that after dinner speaking is not a talent exclusively masculine. There were songs by Harry Prince given with all the fervor for which he is famous and That Old Irish Mother of Mine was given a touch of realism when Harry acted out the song with Mrs. Donnelly who despite her white hair and age declared she was as young at heart as any one present.

Mr. Rudy Lichtenberg's loyal employees and friends paid him handsome tribute in their speeches and he responded in a fitting manner thanking them all and declaring his pleasure at the congenial gathering of Boyes Springs boosters. Mr. Fitzgerald of Sonoma Vista talked in neighborly fashion and evidenced the good spirit existing between Boyes and the attractive acreage adjoining it. Chief Cause came in for a deluge of oratorical bouquets.

Mr. and Mrs. F. C. Wilson whose orchestra has added so much to the amusement of thousands of Boyes visitors the past few seasons also came in for nice compliments and Mr. Wilson proved as masterful an orator as he is pianist. He gave a real heart to heart talk to his associates and pals and said that though his winters were spent elsewhere his heart was always in the Valley of the Moon and he boosted Boyes Springs everywhere and all seasons.

Mr. Steurmer stepped on the oratorical exhalator and gave a first class talk. "Doc" Rainey trained to a nicely expressed his joy at the gastronomic termination of the season. Mr. Jack Ziel went into the history and growth of the Springs and R. E. Mullen responded to a nice bouquet handed him declaring that he would join with Boyes Springs in all worthy projects for the upbuilding of Sonoma Valley. That his heart was in all he said was obvious. His "Remarks" were greeted with great applause.

Prof. Larnon took a high dive into the oratorical contest early in the evening and his recitations were greatly appreciated.

Mr. Bossenman, Mrs. F. Ross, Mr. Thompson, Jack Edgar, Mr. Woodworth, W. L. Murphy, Frank Mc Mann, Miss Quigley, Mrs. Chambers, Janie Graham, Ida Marks, Bob Hendley, Miss Lena Abanetti and Mr. De Martini all responded, when called upon by Master of Ceremonies Chambers.

After the feast of ravioli and chicken, the evening was passed in dancing and jollity.

It was decided to make the dinner of Boyes folks a semi annual affair and everyone voted that the initial party was one of the best ever held in the vale of the Moon.

Great praise is due Miss Lena Abanetti who prepared the dinner and Mr. De Martini, manager of the resort, for the excellent dinner and hospitality accorded the guests on this happy occasion.

As Boyes sweet singer would say when the time comes again for a reunion dinner "it will be welcome as the flowers in May."

The following were present: Dr. and Mrs. Rainey, Mr. and Mrs. Wilson, Mr. and Mrs. W. Steurmer, Mr. Jack Ziel, R. E. Mullen and Ida Marks, Fred Steurmer, Mr. and Mrs. W. Fitzgerald, Mr. and Mrs. Bossenman, Mr. and Mrs. Jack Edgar, Mr. and Mrs. F. Maley, Harry Prince, Mr. and Mrs. F. Ross, Prof. Harry Larnon, Mrs. Jane Graham, San Francisco, Wm. Woodworth, Mr. and Mrs. Ham Chambers, R. G. Lichtenberg, Mrs. Thompson, Bob Hendley, Mrs. Knadler and son, Frank McMann, Miss Alice Quigley, Mr. and Mrs. W. L. Murphy, Miss Lena Abanetti, Mr. De Martini and others.

ONE WHO WAS THERE.

This site is being considered together with several others.

SLATER AND FULWIDER TO WORK FOR ROADS

Matters With Local Chamber of Commerce Thursday Night at Sonoma's City Hall.

The meeting called by the Valley of the Moon Chamber of Commerce Thursday evening for the purpose of conferring with Senator Herbert Slater and Assemblyman Lucien Fulwider in regard to the delayed construction of the Schellville-Santa Rosa road and kindred matters, was a decided success. The Senator and Assemblyman were both present as was also Supervisor Fred Lowell, chairman of the Good Roads Committee, McNamara of Santa Rosa, Thos. P. Boyd and other tireless workers for highway building in this vicinity.

The meeting was called to order by President Rudy Lichtenberg of the local Chamber of Commerce. Supervisor Lowell was among the first speakers. He gave assurance of co-operation and also promised that the Sonoma Vista road across the valley would be graded as soon as rights-of-way were secured. He declared that all county highway bond issue money for this section had been expended. (It is obvious that Sonoma Valley's share of the \$1,600,000 voted by the county was infinitesimal).

Senator Herbert Slater gave an enthusiastic and assuring talk that he was in the fight for the state highway to stay and said he believed that actual construction would start in the spring. He pledged himself to do everything within his power, including the taking up of pertinent matters immediately with the state highway commission. Mr. Slater will urge an immediate decision on the route and will get a ruling as to whether all money voted for a particular stretch of road must be used on that road or whether it can be diverted.

Assemblyman Fulwider recalled his interest in road matters during the legislative session at Sacramento and the earnest endeavors also of his colleagues, Assemblyman Stevens and Senator Slater.

The matter of securing a lobbyist to keep in touch with the Commission was finally tabled on the advice of Mr. McNamara of Santa Rosa and our legislative representatives.

Thos. P. Boyd gave a ringing talk, urging constant agitation and appeal to the Commission for Sonoma Valley's road rights. Wm. F. Cleve and Geo. Darling of Boyes Springs also spoke on the highway situation here and Mr. Darling declared that the insistent demand of the public for this road must be heard.

Senator Slater will address a letter to the highway commission at once and a reply as to the route and financial condition of the Black Point cut off and Schellville-Santa Rosa highway funds will be keenly awaited.

MAIL SERVICE IS PROTESTED BY BUSINESS MEN

Sonoma Postoffice Patrons Join With Others In Complaint Against Recent Curtailment.

The recent curtailment in service given Sonoma by the Railway Mail Service department and which makes the arrival and departure of mails there fewer and farther between than ever before is being vigorously protested. That Sonoma Valley should be so discriminated against at the present stage of growth and advancement is not understandable. The Sonoma Business Mens Association decided to take up the matter with the Department and on Thursday sent the following wire:

Sonoma, Calif., Sept. 15th, 1921. To Supt. Railway Mail Service, San Francisco, Calif.

The fact that you have discontinued the railway mail service on the Southern Pacific Ry, Santa Rosa Branch, has caused great inconvenience to the people of Sonoma Valley, and we hereby wish to enter our emphatic protest to this curtailment of service.

Under present conditions we receive practically only one mail per day, as no mail whatever arrives here in the evening. Furthermore all mail which is posted in our office at Sonoma after 6:30 P. M. does not leave here until the following afternoon, and is not delivered in San Francisco until about 36 hours after being mailed. We feel that such service for a community distant from San Francisco less than forty miles and having good railroad facilities in inexcusable. It works a hardship on all citizens in general and business men in particular.

Therefore we respectfully request that our usual mail service be reinstated.

THE SONOMA BUSINESS MENS ASSOCIATION.

In answer, a reply wire was promptly received from the Railway Mail Service as follows:

San Francisco, Sept. 15, 1921. Sonoma Business Mens Association, Sonoma, Calif.

Your telegram received, no intention or desire on part of this service to curtail your facilities for receipt and dispatch of mails. We are waiting advice from your local Postmaster as to needed exchanges. Letter follows today.

McGRATH

In the absence of Postmaster John Wason who is on a hunting trip, A. F. Wade, chief clerk sent the following reply:

"Dispatch via train 63 receive from train 70 Santa Rosa and Vallejo Junction, also maintain present service N. W. P." The request was granted.

LA PEER FIGURES IN BOOZE SEIZURE

Kenwood's Wealthy Promoter Quarrels With Partners and as a Result Dry Agents Get \$25,000 Liquor.

Trouble between H. E. La Peer, shipbuilder and lumberman of San Francisco and Seattle, and reputed leaders of a bootlegging ring which he, it is alleged, was financing, led to the seizure yesterday of \$25,000 worth of liquor in San Francisco an Oakland and the arrest of Jack Wise, D. Kukauza and David Roberts. La Peer himself, it was said may also be arrested.

La Peer told the Federal prohibition officers that Wise and Roberts double-crossed him and beat him out of \$160,000.

The three prisoners were arrested at 800 Larkin street. Under La Peer's personal direction the agents crossed the bay and seized \$25,000 worth of booze in a Telegraph avenue warehouse in Oakland.

The agents then went to 786 O'Farrell street, where they found another big supply of booze.

During the raid on the Larkin street address, Wise sprang upon his former partner and beat him severely before prohibition officers could separate them.

Wise later accused La Peer of manufacturing the liquor that was being sold from the Larkin street house—Oakland Tribune.

It was rumored here some time ago that La Peer spirited away quantities of valuable liquor from his ranch near Kenwood when he heard that prohibition agents were to investigate conditions in that vicinity.

N. W. P. TRAIN HITS DEAF MUTE NEAR WINGO STATION

Unfortunate Man Named Burgess Victim of Serious Accident.

The N. W. P. evening train struck a deaf-mute named Burgess near Wingo station last Monday evening. The engineer not knowing Burgess' infirmity, saw him step from the track as the train approached and thought he was aware of the oncoming engine and would stay out of danger line. Instead of that the deaf-mute stepped back on to the track evidently unaware of the train's approach. It was too late to stop the engine and the unfortunate man was struck and thrown.

The train crew immediately went to his assistance and he was brought to Sonoma for medical treatment. At Crane's sanitarium, Dr. Hays found after examination that his pelvic girdle had been broken with possible internal injuries. His condition was serious and the following day he was sent to the railroad hospital in San Francisco.

Burgess was a relative of the Hinman's who conduct a dairy near Schellville. He had been fishing in the sloughs near Wingo on the day of the accident.

Will is now in San Diego but will probably come north again soon and work in Sonoma. His brother, Charles is with him and will spend his two-week's vacation in and around San Diego.

MILLENNIUM GETS SET-BACK

THERE IS AN OFT quoted truth from Shakespeare that "the world is a stage," and the swift following events of the past few weeks proves that events thereon rival anything dished up to its by-imitators. Roy Gardner's escapes have all the thrills of screen episodes, and Fatty Arbuckle's predicament points a moral stronger than any didactic dramatist ever drew from the ten commandments or school of experience.

In the latter's case nature proves a better censor than any the law could provide and shows the inevitable determination to weed out the unfit though false hero worship protected and egotism begotten of money and applause defied. The beast will always be unmasked sooner or later, whether masquerading in the theatre or in the church, in the most fashionable hotels or in Howard Street shacks.

We may censor and suppress, safeguard and prohibit, but all our devices are busy beside the inevitable law and they frequently interfere with nature's inexorable method of dealing with indecency and excess. Our moving picture censors may suppress films and delete objectionable features on the screen but they cannot get at vice under the skin of smug heroes or smiling sirens. Lawmakers can pass 15th Amendments and set up Volsteadism in the land but they cannot bar high percentage excess or the acquiring of insidious liquors or ensnaring narcotics. They can suppress the cafe and the road-house and condemn them as nests of iniquity but vice will find a way, and when gilded with wealth and gilded with plaudits gets into the very best places, and being exclusive and hidden is the worst sort.

It all boils down to the simple old fashioned deduction that the only way to make the world better is to make each individual feel that high standards of conduct, good principal and moderation pay in any walk of life.

The millennium will not have come, until the children of earth have all learned this lesson. We have made marvelous strides toward it, but it has taken centuries and we are still making small-like progress with countless set backs and detours—as far from our goal as we are from the stars. There are no short cuts.

HOW COME THAT the Bishop of Virginia, Annette Adams, former U. S. Attorney, Congressman Julius Kahn and the man responsible for "Johnnie Walker" have opinions every one of which dovetail on the prohibition situation in our United States? And they all spoke at once and all agreed that the "speak easy" has made a travesty of national prohibition.

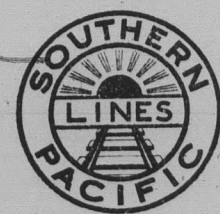

A MUNICIPAL MIRACLE has happened. The salaries of city officials in Alameda have just been cut down to keep-down taxes. Who ever heard the like in this day and age of political fattening?

OIL DEVELOPMENT WORK TO START.

H. La Peer Is Bringing Derrick And Complete Outfit to Valley of Moon

Henry La Peer who has been signing up oil leases in Bennett and Sonoma Valleys for the Valley of the Moon Oil Company is bringing a complete standard oil drilling outfit including a derrick and tools capable of penetrating 3000 feet, from Bakersfield and will start drilling at once in this vicinity. Here is a letter received from Attorney Wallace Ware from secretary and treasurer R. L. Nottan of the Valley of the Moon Oil Company, telling of the plans and prospects of the oil drillers:

"We are now ready to deposit the machinery on the Frank Kirch's place and other equipment necessary for the proving of the Valley of the Moon Oil Company.

"We have had an extended conference with Smith, Emery and Company, our engineers, who have been over the property and we believe that we will find beyond any question a good grade of oil on the holdings of the company. We intend to personally look after the operations ourselves and will be in the Santa Rosa in the course of a few days. All initial financing for the company as to the purchase of our rig and other material has been taken care of by the present management.

"Mr. La Peer is now in Bakersfield arranging for the transportation of our rig and all the other machinery incidental to the same, and as soon as he returns he will see you in person. Our confidence in the property is such, that, based upon the advice of Smith, Emery and Company, we have purchased instead of the ordinary portable rig, a complete standard outfit, such as is used by the Standard Oil and other companies. This rig will be capable of penetrating to a depth of 3000 feet or more and be able to prove up the different sands which our geologists tell us we will find. We are very enthusiastic over the prospect, and believe when the turn of a new year comes, that Sonoma county will see itself placed among the oil producing counties of the State of California."

J. M. Minges attended the funeral of his nephew, Leslie Berth, Friday of last week.

HOME GAS MACHINE CO. TO INCORPORATE.

The following will be read with interest by all Sonoma people who saw the Home Gas Machine demonstrated here recently. It is a splendid invention and the demand for it especially in communities where there is no gas, is becoming so marked, that its inventor Mr. Easton sees the need for capital to expand.

A stock company is to be formed by E. C. Easton of the Home Gas Machine Co., for the purpose of financing the gas machines which are proving to be popular in this city and vicinity, where Easton has been installing the plants in many homes and places of business.

The machine makes gas only while it is being used. It is safe, free from danger of explosion. It is economical and clean and soon pays for itself.

Capital is necessary to put the machines on the market and Mr. Easton is confident that he can convince investors of the great value of the gas machine which furnishes gas for light and heat. It is planned to incorporate for \$20,000 and the company to be known as the Home Gas Machine Co.—Petaluma Courier.

ANOTHER BUSINESS BLOCK FOR BOYES SPRINGS

Mayor Minges, who already owns business property and many cottages in Boyes Springs has purchased a lot 75x130 adjoining his restaurant property and will erect a two story building thereon. The new Minges block will contain a hall 65x90, three stores and a rooming house above.

Boyes Springs is certainly experiencing a great property boom and a substantial one for each season it becomes more popular as a resident suburb of San Francisco. Mr. Minges was one of the first to show faith in the future of Boyes Springs and has been steadily adding to his holdings there. All his investments have proven good ones.

Prof. and Mrs. Bruce Painter of Petaluma were here Sunday visiting old friends. Prof. Painter formerly taught in the High School here. Another former Sonoma teacher is also teaching now in Petaluma, Miss Margaret Trueblood whom the Board of Education there made vice principal of the high school this term at an increase in salary of \$500 per year.

Mr. and Mrs. Chas. Potter and Miss Ethel Evans attended the Native Sons outing at Mark West on the 9th. Mr. and Mrs. McAllister were among the Sonoma folks who visited the State Fair at Sacramento last week.

Al Warriner who is in the employ of the government as a builder of towers for wireless stations has been dispatched to the Farallones. Al says he will write an up to date parody on "What are the Wild Waves Saying."

SCOTTY STRACHAN WEDS ELSIE RICHARDS AT SANTA ROSA.

D. (Scotty) Strachan and Mrs. Elsie Richards Apulstill were married at Santa Rosa Monday by Judge Vaughn. Both parties reside at Agua Caliente, the bride being youngest daughter of Mrs. Theo Richards, pioneer resort proprietor. Mrs. Strachan was a young widow with a family of children. Her second husband, D. Apulstill was the wellknown prohibition enforcement officer who passed away some time ago.

N. S. G. W. OUTING AT MARK WEST

J. E. Poppe and L. H. Green were on the committee which arranged the N. S. G. W. outing at Mark West Springs on Sept. 9th. The County Fairers got up the affair which was largely attended and enjoyed by everyone who took it in.

SONOMA HIGH SCHOOL BONDS SOLD.

Cyrus Pierce & Co. of San Francisco was the successful bidder for the \$115,000 Sonoma Valley Union High School bonds voted in July. The premium was \$4,328. The bonds are six per cent. and run from 1921 to 1961. There were many bidders among them the Mercantile Trust Company who offered a premium of \$4042.25. Cyrus Pierce & Co. also got the Petaluma School bonds.

WELL KNOWN VACATIONERS STOP TO SEE FRIENDS

Mr. and Mrs. Mike Mannuck, accompanied by their friends, Mr. and Mrs. Jack Palmer, passed through Sonoma the first of the week on their way back to San Francisco after a two week's auto trip to the coast and Russian river section. Mannuck is in the taxi cab business in the city and is prospering but both he and his wife also, who was formerly Miss Juanita Harzthy, have always a warm place in their hearts for old Sonoma. Mike says he would like to come back here to live.

Mr. and Mrs. Altamira who have been residing here for some time past have gone to San Francisco and will engage in the tamale business with their son-in-law. They like Sonoma so well however that they would not sell their pretty old fashioned home on Spain St., and rather than part with it, decided to rent it, hoping some day to return here.

The ship Monongahela with Westlie Trudgen of Sonoma and other stranded sailor boys aboard, is enroute to San Francisco from Manila harbor so Mayor Otis of Alameda, has been advised. There are several Alameda boys aboard.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. The most precious thing in the world
Think what this world would be without confidence that the sun would rise tomorrow!
Without confidence in the order of things, in our fellow men, in our institutions, chaos would reign in the world. There would be no security, no progress, no happiness. Confidence is essential to all that is worth while.
Years of satisfactory experience with Red Crown gasoline have given the motoring public confidence in "Red Crown." They know that with "Red Crown" in the tank they have high-quality motor fuel, and that from it their engine will deliver its maximum power and mileage.
"Red Crown" is available at Standard Oil Service Stations, garages, and at other dealers.

Mr. Lea is here for the month while Congress is in adjournment. He will enjoy a much needed rest from duties at the National Capitol, for Congressman Lea is one of the hardest working representatives in Washington. He makes it his business to be thoroughly conversant with every phase of vital questions under consideration and has a reputation for being always so well informed that he is constantly consulted by big men and has now a high place in their regard. He has made an earnest non-partisan fight for the protection of California industries.

Congressman Lea was chosen by both Republican and Democrats of this district as their representative.

REDMEN'S CARD PARTY AT STEINKAMPS TONIGHT

The card party at Steinkamp's Resort, Boyes Springs, for the benefit of the Redmen's convention fund will attract a large crowd this evening. There will be refreshments and a social time to which the public is invited. A committee composed of Mrs. Steinkamp, Mrs. Joost, Mrs. Bolin and President Rosa Randolph have been busy arranging for the affair and that it will be a success both socially and financially is an assured fact. Card playing will start about 8 o'clock and score cards will be 25 cents. This is the first of a series of card parties to be given by the lodges for the big convention which meets here in 1922.

SONOMA HISTORY INTERWOVEN IN PAGEANT.

Santa Rosa's Home Coming Day celebration will feature a pageant, many events in which will tell of historic happenings here in Sonoma. It is to be a great spectacle with many participants.

"Miss Sonoma County" is being voted for. Sonoma Valley will have a chance to elect one of its fair daughters to preside over the celebration as every 50c. ticket entitles the purchaser to 10 votes and if Sonoma casts more votes in proportion to the population than other communities, it can win. A committee of boosters was here with tickets this week.
